Note .. this information was provided by attorney Carol Overland: "It's important to bring everything together from the various jurisdictions that have anything to do with WI, so dig through the Minnesota DEIS, AVAILABLE HERE ON MN'S COMMERCE WEBSITE; and the RUS [Alternative Evaluation Study](#) and [Macro Corridor Study](#) and note that on the official RUS website they have only the [Macro Corridor December 2010 Modification Maps](#) and do not have the [Alternative Evaluation Study](#) or [Macro Corridor Study](#) or the new June 2011 Macro Corridor Routes!"
